- 1. Informational models**
- 2. Boolean Tables**
- 3. Relational Databases**
- 4. Information Coding & Decoding**
- 5. Analysis & Creating Algorithms**
- 6. Algorithms' Results**
- 7. Information Coding & Decoding. Transmitting Data**
- 8. Words Bruteforcing and Number Systems**
- 9. Tables**
- 10. Search for Symbols**
- 11. Quantity of information**
- 12. Doing Algorithms Ourselves**

13. Computer Networks & Addresses
14. Number Coding, Number Systems 38589
15. Logical Expressions 37150
16. Recursive Algorithms
17. Handling Number Sequences
18. Robot Money-Collectors
19. Best Strategy: 1
20. Best Strategy: 2
21. Best Strategy: 3
22. Polyprocessing Systems
23. Equality Operator and If/Else. Trees, variants bruteforcing
24. Handling Symbol Line
25. Handling Numeric Data
26. Handling Numeric Data-2
27. Programming
